

Come to the

University of Rhode Island Planetarium

on Friday, Nov 17th, 2017 at 6:00 P.M. to see

Wonders of the Universe

Enjoy the Wonders of the Universe at the URI Planetarium!

Peer deep into space through the eyes of the orbiting Hubble Space Telescope and travel back billions of years in time to witness the birth of the universe.

On this breathtaking excursion, you'll witness the formation of galaxies and explore some of the most wondrous nebulae and astronomical structures yet discovered. As your travels continue, you'll fly deep into our own Milky Way Galaxy and return home to Earth on a spectacular tour through the Solar System.

Wonders of the Universe, a planetarium program for audiences of all ages, will be shown at the URI Planetarium, Come and see the beauty of our universe.

This program, for the general audience, will be preceded by a short program,

Losing the Dark

on light trespass, and then will be followed by a live presentation of

The Sky above the URI campus

an introduction to the night sky.

Admission is only \$5.00, to benefit the University of Rhode Island Planetarium Memorial fund.

The University of Rhode Island Planetarium is located on Upper College Road, on the Kingston campus, across from 95 Upper College, the University Visitors Center.

Come and see the beauty of our universe.

The University of Rhode Island Planetarium is available for programs of many varied topics of astronomical interest for all age levels. For more information contact Francine Jackson at 401-527-5558.
