

## There's a Patch in The Ocean [There's a Hole in The Bucket (E<sub>b</sub>/E<sub>b</sub>)] \*

1. There's a patch in the ocean,  
Dear Grandchild, dear Grandchild.  
It's a patch full of plastic,  
Dear Grandchild, that patch.
2. How big is it, Granny,  
Dear Granny, dear Granny?  
How big is it, Granny?  
How big is that patch?
3. It's the size of twice Texas,  
Dear Grandchild, dear Grandchild.  
The size of twice Texas,  
Dear Grandchild, that big!
4. But how did it get there,  
Dear Granny, dear Granny?  
But how did it get there,  
Dear Granny, say how!
5. My grocery wrappers,  
Dear Grandchild, dear Grandchild,  
My grocery wrappers  
And your plastic toys.
6. But why does it matter,  
Dear Granny, dear Granny?  
But why does it matter?  
And why should I care?
7. It kills lots of creatures,  
Dear Grandchild, dear Grandchild.  
It kills lot of creatures,  
Dear Grandchild, it kills.
8. Then why don't you fix it,  
Dear Granny, dear Granny?  
Then why don't you fix it?  
Dear Granny, fix it!
9. It's your world we borrowed,  
Dear Grandchild, dear Grandchild,  
It's your world, dear Grandchild,  
We laid it to waste.
10. Let's clean up that trash patch,  
Dear Granny, dear Granny,  
Let's clean up that trash patch,  
Together, that patch!
